**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have chosen a competitive provider because I like to support local companies in our community. Infostructure is the company I use for my internet and phone service and we receive this service through fiber optics.

The big mega corporations do not need any more advantage over the people. We need to keep that 1996 telecommunications act in place.

Whoever has any clout in this situation: Act on behalf of the American people and stop supporting these treasonous corporations. Do the right thing.
